How would you like to play an important role in the development of policy, goals and priorities for Ontario`s land use and resource management in the far north? Challenging opportunities exist with the Ministry of Natural Resources, Far North Branch for highly motivated, results-oriented individuals with proven policy development skills to lead inter-ministry task teams in the development of policy options and proposals for the broad scale strategy of Ontario`s Far North Planning Initiative (FNPI). You will also conduct policy research, review and analysis in response to matters arising from the Northern Technical Table on land use planning and the Far North Advisory Council.

**Qualifications:** thorough knowledge of Ontario`s policy direction and framework with respect to the Far North, its land use and resource management as well as relevant legislation, policies, programs, services, agreements, issues, positions, partners, stakeholders and related jurisdictions; excellent knowledge of the policy analysis, development and evaluation process and sound decision making skills; well developed conceptual, research, analytical and evaluation skills, combined with ability to anticipate and absorb complex, inter-related, large scale issues, and develop practical, effective and efficient long and short term policy options; strong project management, work planning, organizing, leadership and coordinating skills; consistent capacity to produce high quality results on time; excellent communication skills including writing, listening, advising, reporting, presenting, interpreting and persuading; strong relationship management skills; knowledge of First Nations culture and tradition and understanding of aboriginal communities stake in the Far North; computer proficiency and knowledge of word processing, spreadsheet and database software.

**Posting Date:** Friday, October 10, 2008

**Closing Date:** Monday, October 27, 2008

Applications must be received by the end of the closing date with the Job ID number quoted.
