

NOTICE: Effective January 15th the OPS will be posting new job advertisements on the eCareers website daily. New job advertisements will be posted throughout the week, Monday through Friday. Please check the site regularly to see new opportunities available within the OPS.

Please note that the **job alert** function is temporarily unavailable. We are working on correcting the issue, but in the meantime, please check the website regularly for updated job posting details. We will post an updated message on the site when the job alert function is functional again.

Job Ad

Ministry: Ministry of Natural Resources
Division: Northwest Region, Field Services Division
Position Title: Regional Renewable Energy Program Coordinator
Duration: 1 Permanent
Location: 435 James Street South, Thunder Bay, P7E6S8, North Region
Compensation Group: AMAPCEO
Salary: \$65,695.00 - \$81,219.00 per annum
Position Status: Open
Job Code: 18PRP - Resources Plan MgtA/UPRP18
Schedule: 6
Category: Lands and Resources
Job ID: 19615

Would you like to make a contribution to a cleaner Ontario for the future? If so, then consider this opportunity with the Ministry of Natural Resources where you will provide regional coordination and leadership in the development, delivery and monitoring of the ministry's renewable energy program.

In this role, you will provide program information, advice and recommendations to support other ministry initiatives, and liaise with a wide range of stakeholders to promote cooperative partnerships to achieve renewable energy program goals and objectives. You will also participate in the evaluation of the impacts of the renewable energy program upon aquatic and terrestrial resources and contribute to the development of performance measures and reporting criteria. Additionally, you will contribute to communication plans, design and deliver renewable energy information to a variety of audiences, and support training for ministry staff.

Qualifications: knowledge of clean, renewable energy supplies and sources and the socio-economic aspects of renewable energy programs; knowledge of resource management and land use planning and related legislation, policies, theories and practices, and experience in the application of ecosystem-based management of aquatic and terrestrial resources; well developed communication skills to make recommendations and presentations, respond to media/public inquiries and write reports and briefing notes; facilitation, mediation, problem solving and conflict resolution skills to develop and gain support from a variety of partners, clients and staff, using tact and discretion; demonstrated leadership skills to provide guidance and direction to staff and planning teams; project management skills to plan and coordinate regional level renewable energy work plans; analytical skills to lead and conduct analysis to provide input into initiatives.

Posting Date: Tuesday, July 28, 2009

Closing Date: Wednesday, August 12, 2009

Applications must be received by the end of the closing date with the Job ID number quoted.
