

NOTICE: Effective January 15th the OPS will be posting new job advertisements on the eCareers website daily. New job advertisements will be posted throughout the week, Monday through Friday. Please check the site regularly to see new opportunities available within the OPS.

Please note that the **job alert** function is temporarily unavailable. We are working on correcting the issue, but in the meantime, please check the website regularly for updated job posting details. We will post an updated message on the site when the job alert function is functional again.

Job Ad

Ministry: Ministry of Training, Colleges and Universities
Division: Student Support Branch
Position Title: SENIOR PROGRAMMER, ANALYSTS
Duration: 2 Permanent
Location: 189 Red River Road, Thunder Bay, P7B 6G9, North Region
Compensation Group: OPSEU
Salary: \$1,192.04 - \$1,477.81 (MplusM) per week*
Position Status: Open
Job Code: 17158 - Systems Officer 4
Schedule: 6
Category: Information Technology
Job ID: 14760

Expand your career with these hands-on opportunities with the Ministry of Training, Colleges and Universities! This role will have you analyzing and problem solving while working in a team environment to support a variety of programs and projects.

You will be responsible for providing systems analysis, design, and programming services to clients on large, mid-range, and micro-computers on branch-wide systems for a variety of projects relating to the delivery of financial student aid. You will analyze client needs, make and explain recommendations, develop systems specifications, write programs, design testing processes, implement systems, and review and prepare technical documentation. Facilitating discussions which help to advance overall ministry information technology strategies and plans will also be a component of your role.

This competition may be used to fill future vacancies.

Qualifications: knowledge of mainframe, mini, micro and personal computer technology including operating systems and application software; knowledge of methods and techniques of system analysis, design and development as well as programming concepts and languages; demonstrated analytical, problem solving and evaluation skills; demonstrated communication and interpersonal skills.

We encourage all applicants to apply online. Please visit our website at <http://www.gojobs.gov.on.ca> or click the link below.
