

NOTICE: Effective January 15th the OPS will be posting new job advertisements on the eCareers website daily. New job advertisements will be posted throughout the week, Monday through Friday. Please check the site regularly to see new opportunities available within the OPS.

Please note that the **job alert** function is temporarily unavailable. We are working on correcting the issue, but in the meantime, please check the website regularly for updated job posting details. We will post an updated message on the site when the job alert function is functional again.

Job Ad

Ministry: Ministry of Transportation
Division: Planning and Design Section - Northwestern Region
Position Title: SENIOR PROJECT ENGINEER
Duration: 1 Permanent
Location: 615 James Street South, Thunder Bay, P7E 6P6, North Region
Compensation Group: PEGO
Salary: \$78,468.00 - \$95,136.00 per annum
Position Status: Restricted
Job Code: 08PBE - Bargaining-Engineering 08
Schedule: 6
Category: Science and Engineering
Job ID: 16666

If you are a professional engineer who relishes the idea of taking a lead role in managing the delivery of large and complex highway construction projects across northwestern Ontario, consider joining our team!

You will manage external consultants and liaise extensively with senior management, municipalities, external stakeholders, and the public to deliver large and/or complex transportation projects, support the delivery of the long range planning component of the regional capital program, administer corridor investment planning activities and provide technical engineering assessments and evaluations of land development proposals adjacent to highways to ensure the protection of the ministry's interests.

Qualifications: applicants must be licensed by the Professional Engineers of Ontario (please include licence number in application); knowledge of theories, principles, and practices of civil engineering related to highway engineering and construction in order to deliver effective highway planning and design assignments; experience in the planning and design of highway and road projects in order to effectively comment on consultant designs, supervise staff and provide knowledge and assistance to senior management; administrative and organizational skills to schedule and complete multiple tasks and projects within tight deadlines; interpersonal, presentation, and communication skills to respond to the demands of the public, external consultants, and senior managers; proven success in dealing with media, public and municipal councils on contentious issues; valid driver's licence with acceptable driving record to conduct fieldwork; ability to complete fieldwork and travel overnight.

Posting Date: Tuesday, April 28, 2009

Closing Date: Tuesday, May 12, 2009

Applications must be received by the end of the closing date with the Job ID number quoted.
