

SUPPORT PUBLIC HEALTH CARE
The Ontario Health Coalition
2nd Annual
Organic Local Garlic Fundraiser

Deadline Extended
Due to Popular Demand
Wednesday,
September
30th

The Ontario Health Coalition is a grassroots community group that educates and campaigns for increased public engagement in policy related to health care and healthy communities. We work to protect our public single-tier health system from privatization and cuts, and to honour and strengthen the principles of the Canada Health Act.

By ordering garlic with us, you are supporting this vital work and you are also supporting your good health and local farmers by purchasing fresh, organic and Ontario grown garlic.

This year, there are 2 choices for those ordering garlic. All orders come with our favorite garlic recipes and information about the local farmers who produce the garlic in a little booklet. All garlic is organic and Ontario-grown.

#1

\$10.00

Spicy Mix Garlic Bag

8-10 heads of assorted Belarus and White Trillium organic garlic.

Music garlic has a sweet and strong flavour.

This variety is originally from Italy, and was brought to North America by Al Music in the 1980s.

Belarus Garlic (small heads with red tones)

Pearly bulbs striped with vibrant purple.

With a mellow, smooth flavour, Belarus is cited as a great baking garlic and will stay good even if stored for a long time.
